

31st International Congress of Actuaries

4 – 8 June 2018 | Berlin, Germany | www.ica2018.org

Dear Sir or Madam

A lot has happened in the last few weeks: More than 2,250 delegates and accompanying persons have registered before the expiry of the Early Bird Fee 1 deadline. We have reached the capacity for parts of our social program and had to suspend registration for two weeks. On 15 February 2018, we re-opened the registration with the last 400 remaining tickets including the entire scientific program and the field trips. This is an amazing result and we can't wait to welcome you to Germany in June to spend up to six fantastic days with you.

Circle of Supporters

Tobias C. Pross, President of the BVI "Bundesverband Investment und Asset Management" and Head of EMEA at Allianz Global Investors

"Actuarial knowledge is of ever increasing importance in these complex times. We as asset managers build upon this expertise as today's demands go further than traditional investment products. With actuaries driving active risk management, we can create holistic solutions for clients. I am delighted that the ICA is bringing together these experts and their knowledge in my home country of Germany in 2018."

WITH A SMILE

And this could happen if you are a speaker at the ICA 2018 and are wearing the same color scheme as your meeting room. We need your help.

Three speakers, Mr Blue, Mr Green and Mr Orange, meet just before their presentation at the ICA 2018. One of them remarks: "One of us is speaking in the blue meeting room, one of us in the green meeting room and one of us in the orange meeting room".

"And none of us is speaking in the room that bears his name," replies the gentleman wearing the orange suit. "That's right," adds Mr Blue. Which statement is correct?

- (a) Mr Orange is speaking in the blue meeting room, Mr Blue in the orange meeting room and Mr Green in the green meeting room.
(b) Mr Blue is speaking in the orange meeting room, Mr Green in the blue meeting room and Mr Orange in the green meeting room.
(c) Mr Blue is speaking in the green meeting room, Mr Green in the orange meeting room and Mr Orange in the blue meeting room.
(d) There is insufficient information to be able to allocate speakers to rooms.
(e) The situation as described cannot occur.
